

MANTA-RAY™

EASY SNAP-ON WEAPONLIGHT

Mint green LED offers maximum visibility and prevents eye strain.

Snaps on and off firearm rail in seconds.

Features adjustable brightness and discrete status indicator light.

Capitalizing on the most visible wavelength in the color spectrum, Manta-Ray™ LMR-M delivers 140 Lumens of groundbreaking Mint Green™ LED light and quickly adapts to a multitude of rail platforms with an exclusive Manta® rail connection. The ideal complement to any modern sporting rifle (MSR), Manta-Ray™ packs vital target identification and illumination capabilities into the lowest profile ruggedized housing available today.
